ST. CLOUD, OSCEOLA COUNTY, FLORIDA, THURSDAY, OCTOBER 24, 1918.

\$2.00 A YEAR.

FIVE CENTS THE COPY.

## 226 PERSONS BUY \$37,050 FOURTH LIBERTY LOAN BONDS

Although St. Cloud has gone over the top in every drive made for funds in aiding the government to conduct the war, and has given more than was asked for the Red Cross and Y. M. C. A. work, the city fell short many thousands of dollars in its drive to make the quota set for the fourth Liberty loan, the campaign for which ended last Saturday night.

Two hundred and twenty-two persons bought only \$37,050 worth of Liberty bonds in the city of St. Cloud during the three weeks of the drive, and Osceola county, as a whole, was the only one of fourteen counties in the Tampa district that did not exceed its quota.

Many reasons could be hunted up to explain why we failed, but making

excuses now will not help matters. Many persons bought bonds to their limit in this city and in the county. It is apparent that others did not. Fortunately, the other counties in this district went so far over their quotas that the failure of Osceola county to reach the goal did not prevent the district and the whole state from exceeding the quotas allotted.

The Atlanta district, in which Florida is located, oversubscribed the quota more than \$20,000,000.

There were 181 men subscribers, in St. Cloud and 62 women, with amounts divided as follows:

164 Men bought .....	\$23,000
62 Women bought .....	13,150
Total .....	\$37,050

## CROWDER SETS DATE TO CALL OVER 2,000,000 MEN TO SERVE

Draft calls for men who have passed their 37th birthdays are expected to be made about March 1, according to official information given out from the capital at Washington during the past week by Provost Marshal General Crowder. Plans for bringing the older class of the new registrants into camp have, not been completed, but the approximate date of the first call was disclosed by Provost Marshal General Crowder to the house military committee.

In all, General Crowder told the committee, 2,390,000 newly registered men between the ages of 18 and 45 would be called before July 1 of next year. The calls for general service men will be as follows:

October, 340,000; November, 340,000; December, 197,500; January, 147,500; February, 244,000; March, April, May and June, 344,000 each month. These men will supply both the army and the navy and marine corps.

In addition 20,000 men for limited service will be called each month.

General Crowder said the work of classifying new registrants should be completed by January 1.

The classifications as compiled for Osceola county is as follows:

## War Time Sweeteners

AMERICA has several excellent war time sweeteners that will be used largely during the shortage in the sugar supply.

They are maple sugar, syrups, honey and molasses and may be used in preparing desserts and other dishes requiring sweetening.

When a cup of syrup or honey is used to replace a cup of sugar the liquid in the recipes should be decreased one-fourth. One-third of a cup of sugar is equivalent to one-third of a cup of honey, about one-half cup of syrup and about one-half cup of corn sugar.

One-fourth of a cup of sugar is equal to about one-half cup of syrup or one-third cup of corn sugar. One tablespoon of sugar is equal to one tablespoon of honey, about one and one-half tablespoons of syrup and one and one-third tablespoons of corn sugar.

Sugar may be saved by the use of raisins, dates, figs, dried pears and fruit pastes used on the breakfast cereals.

Fruit marmalades, butters and jellies should be used to take the place of the ordinary sweetening at a meal and not as accessories to it. Fruits may be preserved without sugar. It may be added when sugar is more plentiful.

Preserving demands this year a thin syrup instead of a heavy syrup.

If sugar is used one-half of the amount may be replaced by another sweetener.

Drying is a means of preserving (without sugar) apples, cherries, strawberries and black caps.

When ready to use they may have added the needed sugar in the form of a syrup. When sugar is more plentiful fruit juices may be made into jellies or may be used as fruit juices with or without sugar, as beverages, fruit gelatins and frozen desserts.

Fresh fruits supply the place of sugar in the diet. They should be used freely. Desserts where sugar is scarce may be made of gelatins, junkets, custards, puddings and cakes.

## Time For Making Cattle Dipping Compulsory Rests With State Board

Replying to the article in last week's issue of the Tribune, A. A. Coult, educational director of the Florida Cattle Tick Eradication Committee of the Southern Settlement and Development Organization, Jacksonville, Fla., supplies us with the following interesting information concerning the work in this State:

It will be noted that R. W. Storrs, secretary of the State Live-Stock Sanitary Board gives out the information that his board uses discretion with regard to enforcing the compulsory dipping of cattle when it is once adopted, and that it is not the board's intention to work hardships on the cattlemen of the State. Mr. Storrs is an old newspaper man and is familiar with conditions throughout the State. Therefore his statement has some weight.

The article sent us by Mr. Coult is as follows:

### Communication From Mr. Coult.

To Editor of St. Cloud Tribune.

The Cattle Owners' Association of Polk County held a meeting in Fort Meade last Saturday and adopted resolutions endorsing the election in that county (to be held Nov. 5) to vote for compulsory dipping of cattle.

That association is composed of some of the largest cattle owners in the State, whose stock will be just as hard to handle as any in Osceola county, but they are enthusiastic about eradicating the cattle-fever ticks.

Orders have been received by material supply dealers in Florida to let cement for use in building cattle-dipping vats have priority over other orders, and no special certificate is required of the dealers filling such orders. That will clear up the main drawback to building dipping vats, and the number yet to be built in this county can be made ready before time for compulsory dipping to begin.

In connection with the time for starting the dipping, the following statement by R. W. Storrs, a member of the State Live-Stock Sanitary Board, is valuable:

"After the people have authorized the work by their votes, the time of

starting systematic dipping of cattle is left to our board. Under no circumstances will we order cattle dipped regularly until weather conditions are favorable, which will not be earlier than the 1st of March.

"If at that time there should be such a shortage of labor that the work can not be done without undue hardship on the cattle owners, that will be taken into consideration.

"The voters in Escambia county gave a majority of several hundred votes for compulsory dipping of cattle at their election, early last summer, but certain conditions made it advisable to postpone the work, and it has not yet been started there."

Brevard county has already held its election, and voted by a big majority to carry on compulsory dipping of cattle next year. The cattle owners' association in that county has perfected a working arrangement whereby its members feel secure in having all their stock handled at a minimum of trouble to each owner.

All the Osceola cattle along that border (Brevard) will have to be dipped regularly as soon as work is started in Brevard county, or else kept this side of the county line, under penalty of prosecution of the owner.

The Orange county line has to be protected now.

If Polk county votes for compulsory dipping of cattle, as its cattle association has endorsed, all of that border will have to be protected next year and all the time until Osceola county takes up the work.

It looks as if the Osceola cattlemen are the ones who will be in trouble if this county does not vote to make cattle dipping compulsory, as systematic work can not be started until authorized by the voters.

A. A. COULT.

Mr. Sylvester Egan of Kissimmee and Miss Cordelia Guy of Kenansville were married at the Presbyterian manse here on Wednesday by Rev. J. T. W. Stewart, pastor of the church. Both of these young people have many friends in the county, all of whom extend with the Tribune, their hearty congratulations.

## Words of Appreciation

Atlanta, Ga., Oct. 22, 1918.

Hon. C. A. Carson, Kissimmee, Fla.

Thanks, and congratulate you and each member of your committees and your subscribers for their generous response to the country's call. Each state in the district has gone over.

WARDLAW, Chairman.

## AVIATORS VISIT ST. CLOUD ON TRIP UP AND DOWN THE STATE

St. Cloud was visited by two more airplanes on Saturday of last week when Lieuts. Stackpole and Spencer, Sergt. McGowan, and Photographic Sergt. Peck arrived in two machines, making the landing on the city aviation field.

Saturday evening the aviators were entertained at homes in the city, and on Sunday, after making a trip to Kissimmee, they returned to the local field and remained here until Tuesday morning, rain preventing their leaving on Monday, as had been planned.

Saturday evening a delightful enter-

tainment was given by several St. Cloud people at the Van Denberg boat-house, at the lake, and dancing was enjoyed until midnight.

## SOUTHEAST HEROES IN FRANCE GET SUPPLIES AT LESS THAN WHOLESALE PRICES OVER HERE

RED TRIANGLE SHOULDERS EXPENSE OF TRANSPORTATION FROM  
MANUFACTURERS TO CANTEENS IN FRANCE—SYSTEM  
REDUCED TO FINAL BASIS AND RESULTS  
NOW ARE VERY GRATIFYING.

The Americans overseas with Pershing have facilities for combatting the high cost of living that are absolutely beyond the reach of civilians on this side of the Atlantic. Even their small luxuries, such as tobacco, biscuits, cakes and similar articles, are obtainable at prices that are considerably lower than those charged by retailers in American cities.

This is made possible because the Army and Navy Y. M. C. A. has taken over all post exchanges in France at the direct request of General Pershing, so that the Red Triangle is now conducting the greatest business enterprise in the world.

Tobacco and other "supplementary" supplies are distributed to the boys in khaki at exactly wholesale prices. The "Y" makes not a penny of profit and even shoulders the financial loss entailed by footing the bills for transportation from the manufacturer to the canteens at the front.

The American troopers can buy Fatima cigarettes for 50 centimes, or about 8 cents; Camels, 35 centimes, or about 6 cents; Sweet Caporals, 20 centimes, or about 3 cents; Lucky Strikes, 30 centimes, or about 5 cents; Murads, 65 centimes, or about 11 cents; Bull Durham, 25 centimes, or about 4 cents; Prince Albert, 45 centimes, or about 7 cents; Velvet, 30 centimes, or about 5 cents; Star Cheering, 35 centimes, or about 6 cents.

Capt. George M. Lynch, former assistant commandant at the Florida Military College, Gainesville, Fla., but now in the Red Triangle Service, has made several trips overseas and has investigated thoroughly the conditions existing in the post exchanges under Y. M. C. A. management. He declares that while some difficulty was experienced at first, prices have been stabilized and the boys are getting their supplies at cost.

### Designed Southeast Hostess Houses

Miss Katherine C. Budd, of New York (left), who designs the hostess houses of the Southeastern Department, now engaged in supervising the construction of one at Dorr Field, near Arcadia, Fla. Miss Gertrude Mayo, of New York and Boston architect for other Y. W. C. A. buildings at military establishments.

## PLUMBING

FOR YOUNG AND OLD

the pleasures of the bath are manifold. Do not let poor plumbing put a damper on the healthful pleasures of immersion. If we install your plumbing and look to its very occasional repairs, you will find a SATISFACTION with the job—and you can spell that word in big letters. It is imprinted on every job that we do.

## Official Proceedings Board of County Commissioners

(As Per Minutes of County Clerk J. L. Overstreet.)

Kissimmee, Fla., October 7, 1918.  
The Board of County Commissioners of Osceola county, Florida, met in regular session at 10 a. m., on the above date, there being present Ernest Mach, chairman; E. L. D. Overstreet, J. K. Hilliard, A. F. Bass and B. H. Guy, commissioners; J. L. Overstreet, attorney for the board, and J. L. Overstreet, clerk.

The Board was called to order by its chairman, Ernest Mach, and the minutes of the regular session and of the special sessions of September read and approved.

Mr. Pat Johnston came before the Board, and inquired if the deed to the right-of-way of the new road across the lake between Kissimmee and St. Cloud had been delivered as agreed to by Mr. A. E. Drought and whether subscription of \$500 had been paid, and insisted that the Board secure the right-of-way deed and subscription, etc. Mr. Johnston also called the Board's attention to the need of bridges in certain localities between Deer Park and Taylor Creek.

Mr. H. O. Parlin then stated that a bridge was needed across Wolf Creek, Cox Creek and Pennawa Creek, whereupon Commissioner E. L. D. Overstreet made a motion that Mr. Parlin have the work done. The motion was seconded by Commissioner B. H. Guy, and carried.

Mr. M. P. Tindall appeared before the Board and reported that the work on dipping vats at A. J. Marsh place was not as yet complete, and after some discussion by the Board regarding work on vats, upon a motion of Commissioner B. H. Guy, seconded by Commissioner A. F. Bass, and carried, warrant for \$100 was ordered drawn to Mr. M. P. Tindall, instead of Mr. Ramsey.

Messrs. Faithful Heals, J. H. Fink and Wm. Reinson appeared before the Board, and asked that the road running west of the old cannery factory in Shingle Creek be opened, so as to afford a better drainage for the farmers in that vicinity, and presented letters from S. T. Fansler and A. R. Smith regarding the road, which were ordered filed. No action was taken.

Mr. E. L. Green appeared before the Board and presented a drawing of a sign he proposed to place at the county lines on the north and south of Kissimmee at \$10.00 each. Upon motion of Commissioner A. F. Bass, seconded by Commissioner J. K. Hilliard, Mr. Green was instructed to place the signs at the price agreed upon.

Mr. W. R. Fuller appeared before the Board and advised them that the application for construction of three miles of brick road had been received by the State Road Department and approved, and that the Southern Clay Manufacturing Co. had refused to have the brick tested at the point of delivery, but that they could be tested at the point of shipment, whereupon Commissioner B. H. Guy made a motion that the Pittsburg Testing Laboratory be employed to make the test at the legal rate per thousand brick, conditioned upon the agreement mentioned in a letter to W. R. Fuller, dated on September 24th, 1918. Motion was seconded by Commissioner A. F. Bass and carried.

The Board instructed the Clerk to draw vouchers on S. R. and B. district No. 2 as follows: W. R. Fuller, \$1,000 Ackerman & Ellis \$500, Osceola Hardware Co., \$200, A. C. L. Ry., Co. for freight on material \$4,540.02, and a voucher for the balance of the September estimate \$8,475.52 to the Peninsular Engineering and Contracting Co., State Bank of Kissimmee, for bonds retired \$9,000, semi-annual interest on bonds \$8,250 and fees to banks \$29.63, making a total amount of \$17,279.63. Special road and bridge district No. 1, Alabama Paying Co., September estimate \$58.10, trustees for commissions \$27.00.

Mr. Pledger, attorney for the Board called their attention to the necessity of preparing the ballot for the general election, and asked them to determine whether Commissioner B. H. Guy would be allowed to go on the election ballot as the Democratic nominee, whereupon, after some discussion, and after being advised by their attorney, Commissioner J. K. Hilliard made a motion that he (Mr. Guy), be placed on the ballot as the Democratic nominee for County Commissioner from District No. 5, and this motion was seconded by Commissioner A. F. Bass and it was so ordered.

The Board took a recess until 1:30 p. m.

The Board met at 1:30 p. m., a full Board being present.  
Mr. W. L. Barber tax assessor, presented his tax books to the Board for final examination, which after having been carefully compared were accepted, and the clerk was instructed to draw a warrant to Mr. Barber for \$1,235.56, balance of four-fifths of his commission on the assessment for the year 1918.

Mr. C. S. Acree came before the Board and stated that he had decided to make a change in the location for the dipping vat in the Point, and offered the county a lease on a plot of land at his place, terms of lease to be made satisfactory to the Board of County Commissioners. Upon motion of Commissioner B. H. Guy, seconded by Commissioner A. F. Bass and carried the proposal of Mr. Acree was accepted. The vat is to be constructed as soon as money is available.

Commissioner A. F. Bass presented a bill for \$203.25 for the construction of a dipping vat at Phillips & Bass cattle ranch, and asked that the same be paid. Commissioner B. H. Guy made a motion that the bill be paid and the motion was seconded by Commissioner J. K. Hilliard and carried.

Mr. Peter Y. Murray, vice-president of the Peninsular Engineering and Contracting Co., presented a sworn statement of the accounts of the company as of October 1st, 1918, which was ordered spread upon the minutes. Commissioner A. F. Bass presented a paid check for \$35.00, which amount he had advanced to a county pauper

as part car fare, and asked the Board to refund the amount to him. Upon motion made by Commissioner J. K. Hilliard and seconded by Commissioner B. H. Guy, and carried, the clerk was instructed to draw a warrant for the amount to Mr. Bass.

The clerk presented a letter from Hon. W. B. Crawford, asking the Board to pay the court costs in the case of W. B. Crawford vs. Osceola County, and upon motion of Commissioner A. F. Bass, seconded by J. K. Hilliard, and carried, the Clerk was instructed to deliver the warrant issued at a former session of the Board for such costs to Mr. Crawford.

Mr. A. E. Donegan appeared before the Board and advised them that the bonds of Trustees of S. R. & B. Dist. No. 3 should be fixed, whereupon, on motion of Commissioner J. K. Hilliard, seconded by Commissioner A. F. Bass, and carried, the bonds of said trustees were fixed at \$1,000 each.

The matter of placing commissioner B. H. Guy's name on the general election ballot as the Democratic nominee was again called up, and Chairman Mach then asked the clerk to produce the order of the court in said case, which order was read in open Board by Mr. Pledger, their attorney, and discussed by the members of the Board. Commissioner J. K. Hilliard, after hearing the order read, stated that he was convinced that there was no nominee, and made a motion that the action of the Board at the morning session declaring Mr. B. H. Guy the nominee be rescinded, and left open for final decision at adjourned session of the Board Saturday, October 12th, 1918, which motion was seconded by commissioner A. F. Bass, and carried.

Mr. Oliver Bass appeared before the Board and filed his petition in accordance to law, that his name might be placed on the ticket for the general election as a candidate for County Commissioner in District No. 5. He stated that if the Board placed Mr. Guy on the ticket as the Democratic nominee that he would withdraw his petition and support Mr. Guy as such, but that if they held that there was no nominee and each was required to file a petition to get on the ticket he would run.

Petition of O. R. Bass and petition of B. H. Guy, signed by the requisite number of voters to qualify them to be placed on the general election ballot as candidates for election as county commissioner of District No. 5, were filed in open Board.

The Clerk presented and read a telegram received from S. A. Osteen, from Brevard county, asking the commissioners of Osceola county to pay one-half of the expense of a dipping vat built for the benefit of cattle owners of Osceola County. Commissioner A. F. Bass made a motion that the request be granted. Motion seconded by Commissioner J. K. Hilliard and carried, and clerk was instructed to wire Mr. Osteen the action of the Board.

Report of Mr. M. M. Javens, farm agent, and Orville Bass, county agent for tick eradication, were filed with the Board.

The widow's pension claim of Mrs. W. R. Kelley was presented to the board, examined, and approved.

Commissioner B. H. Guy made a motion that R. G. Reynolds be appointed as County Engineer, and the motion was seconded by Commissioner A. F. Bass, and carried.

The Clerk advised the Board that Mr. P. G. Cronmatt had asked that the dipping vat at W. L. Moseley's place be assigned to the county, the parties contributing to the construction of the vat having agreed to assign their interest to the county. Commissioner E. L. D. Overstreet, made a motion that the matter be laid over, and the motion was seconded by Commissioner B. H. Guy and carried.

Several letters to the board were read in open Board and ordered to be filed.

The Tax Collector filed with the Board a statement of division of the various funds for 1918.

The board passed a resolution recommending the cancellation of certain tax certificates, belonging to the St. Cloud Development Company.

The Clerk advised the Board that Mr. Triplett had asked him to present his application for subscriptions to the Herald to the agents; Board refused to allow request for subscriptions as per application; matter passed.

The reports of County Depositories showed the following balances in the various funds on October 1, 1918:

Upon motion of Commissioner A. F. Bass, seconded by Commissioner J. K. Hilliard, her board adjourned to meet in adjourned session at 10 a. m. Saturday, Oct. 12, 1918.

**Session Of Oct. 12.**  
The Board of County Commissioners of Osceola county, Florida, met at 10 a. m. Saturday, Oct. 12, 1918, pursuant to adjournment of regular meeting of said board held Monday, Oct. 7, 1918. Members present: Earl Mach (chairman), E. L. D. Overstreet, J. K. Hilliard, A. F. Bass, and B. H. Guy, commissioners; Milton Pledger, attorney for the board, and J. L. Overstreet, clerk.

The board was called to order by its chairman, Hon. Ernest Mach.

E. D. Katz, supervisor of registration, presented the registration books to the board to be revised, whereupon the board proceeded to strike therefrom the names of all who were in any way disqualified, and the following names were stricken from the various precincts for the reasons set opposite their names, to-wit: (See the list printed in last week's St. Cloud Tribune.)

The clerk presented the certificate of the Secretary of State certifying the names of the State officers to be placed on the general election ballot. A certificate from the County Canvassing Board certifying the nominees for county officers was also presented.

Each certificate was filed.  
A petition of R. G. Reynolds as a candidate for county surveyor was filed with the board and his name was ordered placed on the ballot.

The following names were selected to serve as inspectors and clerks at the general election to be held on the 5th day of November, A. D. 1918: (See the list of inspectors and clerks printed in last week's St. Cloud Tribune.)

the ticket as the Democratic nominee was called for final settlement, it having been carried over from the regular session of the board Monday, Oct. 7, 1918, to the adjourned session for settlement. Commissioner Ernest Mach then presented a written opinion which the board obtained from Robinson & Bridges, a law firm of Orlando, Fla., which opinion stated clearly that there was no Democratic nominee for the Fifth district, said opinion being based upon the final decree of the Circuit Court dated July 30, A. D. 1918.

Thereupon Commissioner J. K. Hilliard made a motion that the names of O. R. Bass and B. H. Guy be placed on the general election ballot by petition, each having filed a petition in accordance to law. Motion seconded by Commissioner A. F. Bass and carried, and it was so ordered.

C. F. Johnson asked the board to allow him a thirty-day trade credit of \$80.10 on certain advertising done for the county. Upon motion of Commissioner J. K. Hilliard, seconded by A. F. Bass, and carried, the request was granted.

Commissioner B. H. Guy called the board's attention to the condition of J. E. Williams and asked that they allow him maintenance to the amount of \$10 per month. Upon motion of Commissioner A. F. Bass, seconded by Commissioner J. K. Hilliard, and carried, the request was granted.

The board instructed the supervisor of registration to restore all names stricken from the registration books, after advertisement of said stricken list had been made, where requests were made for such restoration.

There being no further business before the board, a motion for adjournment was made and duly seconded and the board adjourned.

## French Sugar Mills Destroyed

France must import sugar today, most of it from this side of the ocean, because the largest portion of French sugar beet land is in German hands. As a result, the French people have been placed on a sugar ration of about 18 pounds a year for domestic use; a pound and a half a month. This photograph shows how the German troops destroyed French sugar mills. Thanks to the French rationing system the annual consumption has been cut to 600,000 tons, according to reports reaching the United States Food Administration. Before the war France had an average sugar crop of about 750,000 tons of sugar and had some left over for export.

The county superintendent reported that he had made the following appointments to fill the vacancies in the Kissimmee schools:

Miss Eleanor Moseley—Mathematics.

Miss Annie Whitener—History and civics.

Miss Patti Martin—French and Latin.

Miss Belle Cooper—Science.

Miss Margaret Veach—Eighth grade.

The board confirmed the appointments.

James Sage tendered his resignation as attendance officer of district No. 1, and Janitor of school No. 16, which was accepted by the board, and Charles Levi was appointed to fill the vacancies at the same salary.

Mr. Baisden reported that he had received an offer of \$50 for the old White Leaf Bay schoolhouse. The board instructed him to sell it at that price for cash.

The board, finding the attendance of school No. 12 had fallen below the required average, ordered it to be closed and instructed the county superintendent to notify the teacher to that effect.

The board received the following report from the county tax assessor:

Honorable Board of Public Instruction, Kissimmee, Fla.—Gentlemen:

I hereby certify that the following are the true amounts assessed in the special school districts of Osceola county for the year 1918:

Special school district No. 1, \$3,000.74

Special school district No. 2, \$394.40

Special school district No. 3, \$2,582.49

Special school district No. 4, \$77.25

Special school district No. 5, \$125.10

Total, \$6,175.98

Given under my hand and seal this 7th day of October, A. D. 1918.

WILLIAM L. BARBER,

Assessor of Taxes, Osceola county.

J. R. Houser, trustee of special tax school district No. 2, having moved from the district, M. L. Thibault was appointed to fill the vacancy.

Superintendent Yowell reported that he had used every effort to secure teachers for all the schools of the county, but had been unable to fill some of the vacancies in the rural schools.

There being no further business, the board adjourned to meet in regular session Nov. 4, 1918.

(As per the Minutes of C. E. Yowell, Clerk to the Board of Public Instruction.)

INFLUENZA CAUSES POSTPONEMENT OF WEEK'S CAMPAIGN FOR FOOD CONSERVATION.

In the week of Oct. 27 to Nov. 2 the Federal food administration was to have conducted a nation-wide campaign for food conservation.

The machinery was all arranged, oiled, and ready to hum with Herbert Hoover's message to the people of the United States.

In every State in the Union active work has been done for this campaign.

At the eleventh hour, in order to avoid a failure, the campaign is postponed until Dec. 1.

The influenza epidemic throughout the nation is the cause of postponement.

Food-conservation cards were to be distributed through the offices of the county food administrators, speakers had been arranged for, and Mr. Hoover's address was to be read in every church in Florida on Oct. 27. The cards are in the hands of their printer and are ready for shipment.

Postponement will make for more thorough organization in the December drive and for new plans that may be more effective than those originally arranged. All persons who enlisted their services or who agreed to help in card distribution and publishing Mr. Hoover's message are urged to hold themselves in readiness to perform the same services in the week's campaign to open on Dec. 1.

Love is a serious matter the first time a young man bumps into it.

## LEON D. LAMB

## Food Administration Rulings

Commerce authorized the formation of a corporation to handle all sugar distributed in the United States.

This corporation or (as it may be determined) the government officials in last August showed that an increase in the price of sugar must be allowed to the refiners, and these officials fixed a price of 9 cents per pound (less 2 per cent) F. O. B. at the seaboard refining point.

This means that the wholesaler is to pay for all sugar received after Sept. 9 9 cents a pound—less the 2 per cent as stated. The wholesaler is then entitled to add this fixed margin of profit, which can not be more than 35 cents per 100 pounds, plus transportation charges.

The retailer, in turn, is allowed 1 cent per pound profit, plus freight charges, or 1 cent per pound over the cost delivered to him at his railway or steamship point, with no additional charge to be made for delivery or hauling.

Until very recently wholesalers were handling nothing but old stocks of sugar, which had been bought at less than 9 cents per pound, but which were regulated by the same margins of profit. The present raise in prices, or the raise that may be expected, merely develops through the shipment or the receipt of this new sugar.

Therefore the public need not question the raise nor go to the trouble of writing to the Florida Federal food administrator. County food administrators are expected to see that the sugar is distributed by wholesalers and retailers within margins of profits fixed by government officials.

The consumer pays not more than \$1.35 per 100 pounds over the refiner's price for sugar, plus freight charges.

## FOOD REGULATIONS FOR PUBLIC EATING-PLACES.

Braxton Beacham, Federal Food Administrator for Florida, announces the following food regulations to apply to public eating-places in this State and effective Oct. 21, 1918:

1. No bread or other bakery product shall be served unless it contains at least 20 per cent of wheat-flour SUBSTITUTES. Not more than two ounces of such bread (Victory bread) shall be served at one meal to one person. If no Victory bread is served, not more than four ounces of other breads (corn bread, muffins, Boston brown bread, etc.) shall be served. Sandwiches or bread served at boarding camps and eye bread containing 50 per cent or more of pure rye flour, are excepted.

TRIBUTE WILL BE PUBLISHED ON SCHEDULED TIME HENCEFORTH.

While our city has been visited by several cases of influenza and colds and Spanish influenza, the Tribune's force has so far escaped infection; but the gas engine in its office became infected by a severe case of German influenza nearly two weeks ago, and has steadily grown worse with its sneezing until a special prescription was received from Atlanta, Ga., in the form of new parts for its mechanism. This is the issue of the Tribune has been delayed more than usual. The engine now appears to have recovered from this German disease, and we feel confident of being able to publish the Tribune on schedule time hereafter and get it to its subscribers on Thursday afternoons. The linotype also has about been cured of its ailments. It contributed somewhat to the delay this week also.

## WHY OSCEOLA FAILED

To The Editor, The St. Cloud Tribune: Our friend, the Tampa Tribune, has mentioned several times during the past week that Osceola county was the only one of the group of fourteen that did not exceed its quota in the purchase of fourth Liberty loan bonds. We are glad to know that no other county in this district failed to "go over the top."

But in each instance the Tampa Tribune stated that Osceola county has recently suffered from a bank failure, and that this bank failure has prevented this county from doing what was expected of her.

Now this bank failure was a most serious matter for a great many poor people in the city of St. Cloud, but it had no effect on what was subscribed in the other communities of Osceola county. The fact is that other communities of Osceola county borrowed the greater portion of the money from the First National Bank. What little was loaned to the people of this community has practically all been paid back. While other communities borrowed most of the money, a very few people living in other communities had anything deposited in the bank when it failed; therefore no other community can truthfully claim that it was seriously hurt by the bank failure—except in the sense that one good avenue for borrowing money might have been cut off.

It is true that many of the citizens of St. Cloud, who are people of limited means, worth from \$2,000 to \$5,000, had some money deposited in the bank, and they felt the hurt, and quite a number of these might have taken a small amount of bonds if they had not sustained this loss; but the real truth is Osceola county failed because the men of real worth, the well-to-do men, men who did not lose anything practically in the bank failure, SUBSCRIBED A MERE TRIFLE OF THE AMOUNT THAT THEY SHOULD HAVE LOANED THEIR GOVERNMENT. The men who are rich and well fixed, amply able to have taken THOUSANDS, took HUNDREDS, and I might have in most instances said ONE HUNDRED and told the truth.

The rich men seem to have expected the \$2,000-\$5,000 men to do the subscribing, as was done in the third Liberty loan; but the small men had gone their limit; they had pledged themselves for every cent they could borrow or afford to carry in order to put the third loan over the top.

For instance, I have in mind one of the best business institutions of this county. The combined subscriptions to the fourth loan of the men in control of this business—all of them fine men and who stand exceedingly high in the county—amounted to only \$200.

The people at large understand that financial worth could easily have taken one of these men, who is of the best, for \$1,000; another, who is best able, could have taken \$25,000; and still they would not have exceeded 10 per cent of the wealth they are reputed to have. These men lost practically nothing in the bank failure—unless one of the officers of the failed bank is very much mistaken in the information he has imparted to me. Therefore the BANK FAILURE did not prevent these men from taking the \$20,000 to \$30,000 that they should have loaned to their government, instead of the small sums they are said to have subscribed. These men are not the only ones; they are only samples. There are quite a number of good citizens who did not begin to do their duty, as the rest of us poor devils took it.

Let the truth be told—the truth can hurt no one. It is bad enough for those who lost by the bank failure to be deprived of the privilege of lending their mite to the government they love, but don't let those who lost nothing expect the community to believe they were prevented from doing their duty by the bank failure. Those who could have done better and did not should bear the blame for any humiliation.

A BOND BUYER.

## FOURTH LIBERTY LOAN BONDS

F. W. Hill and S. J. Entrikin, the committee in charge of sales of bonds in the fourth Liberty loan for the Narcoossee vicinity, reported the following subscriptions at the close of the drive, last Saturday:

C. B. Buckley	100
Arthur Robinson	50
Will Thomas	50
Garrett Robinson	50
James Smith	50
R. L. Evans	50
C. W. Campbell	50

L. E. Voorheis is Osceola county's first and foremost buyer of Liberty bonds. Besides buying the \$80,000 lot at Narcoossee, scheduled above, he purchased \$20,000 worth in Chiefland.

## DEWITT C. BAILEY.

Last week in Washington, D. C., died DeWitt C. Bailey, who resided in Kissimmee about twelve years ago. His age was about 40 years, and his family had been well known in this section of Osceola county. Mr. Bailey was in the employ of the national government at the time of his death. His mother, Mrs. J. M. Bailey, brought the remains to Kissimmee, for interment in the family cemetery near that city. Mrs. Frances Armstrong of Tampa also attended the funeral, which took place last week. The Kissimmee Masonic lodge conducted the burial services.

J. J. Johnson, 63 years old and a brother of Captain Clay Johnson and Keros Johnson of Kissimmee, died at his home, in Tampa, Fla., last week. The deceased is survived also by two sisters, Mrs. Viola Nichols and Mrs. Mary Cochran, both of Santa Clara, Cal.

## Florida Should Wake Up!

(From Miami Herald.)

Fifty-two counties in Alabama have voted an extra 3-mill school tax, and the others will follow, for that State is educationally awake. Will Florida continue to doze?

The above is taken from the columns of the Tampa Tribune, and that paper hits the nail squarely on the head when it intimates that Florida is sleeping on the proposition to better the schools of the State.

Fifty-two counties of Alabama have voted to increase their taxes for school purposes by exactly the amount that the people of Florida are being asked to consent to have their own taxes raised—raised whenever the authorities in the various counties determine that it is necessary.

Some opposition has developed to the proposition, the objectors basing their complaints against the giving of the asked-for authority on the fact that the counties that increase the taxes, if the constitutional amendment is accepted by the people, will have to raise more money—that it will cost individ-

uals something more than they are now paying.

Next to the successful prosecution of the war, providing funds for the education of the children of the State is the most necessary thing for the people to do.

Alabama sees that plainly, and is providing more funds for her schools.

Unless Florida does the same thing, her schools will lag behind other Southern States, the children will lack for educational facilities, and the State will be irreparably injured.

No man should permit the consideration of the desirability of a tax to be a matter of pay. In addition to those now assessed against him, to interfere with the bettering of our schools—of making them the equals of any in the country.

The children ought to be the first consideration, and the honor of the State should be the next thing, both of which are involved in the proposition to give school authorities the right to raise more money for the schools.

If Florida continues to doze, she will do herself a great injury.

## R. W. Godwin Approves Letter of Commissioner A. F. Bass

## BELIEVES IN CATTLE DIPPING, BUT THINKS TO MAKE THE RULE COMPULSORY AT THIS TIME IS DANGEROUS TO INDUSTRY.

To Editor of St. Cloud Tribune.

I have just finished reading the letter from Commissioner A. F. Bass in your last issue, in which Mr. Bass takes a position in opposition to the adoption of compulsory cattle dipping in Osceola county at the coming general election and heartily approve his stand taken.

I have been in the cattle business all my life, and I believe that dipping to get rid of the cattle tick is beneficial to the cattlemen and to the county; but to make the dipping compulsory every fourteen days, with labor conditions existing that confront the cattlemen today, would be more harmful than helpful.

I believe, like Mr. Bass, that the cattlemen will take advantage of the plan now under way by the county commissioners to provide free dipping vats, and that they will use them at regular intervals when completed, when the cattle are in condition to dip without damaging the herd, and that it will not be necessary to make the law compulsory to get rid of the tick in this county.

Now it is almost impossible to get enough help to hunt cattle on the

pranges at times when marking and branding must be done, and to have to dip every fourteen days would be out of the question.

I think the cattlemen know more about when to dip and when not to dip than does any one outside the business, and this matter should be left to the cattlemen.

While it is true that counties that have adopted compulsory dipping have quarantined against this county, the mere adoption of cattle dipping as a compulsory law in Osceola county would not lift this quarantine until every cow had been hunted from the woods and dipped every fourteen days for six months. This the cattlemen could not do at this time.

If all the stock were on fenced-up ranges, then we might think of adopting the compulsory law; but under the conditions existing, I believe the adoption of the compulsory law should be voted down in the general election on Nov. 5.

Please let the people of Osceola county know what I think about this matter through your columns.

RILEY GODWIN.

## Pledger Asks Legal Questions Regarding Guy Election Contest

An Open Letter to Messrs. Robinson &amp; Bridges, Attorneys, Orlando, Fla.

Your letter addressed to Mr. Ernest Mach, Chairman of the Board of County Commissioners of Osceola County, advising him that there was an Democratic nominee for the office of County Commissioner of the Fifth District of this county, has been published in last week's edition of the Kissimmee Valley Gazette, and has been noted by the public.

Inasmuch as I am the regular attorney for the Board of County Commissioners, and that I had also advised them upon the same subject, but frankly stating to them that I would like for them to procure the opinion of other counsel, because I had represented Mr. Guy in the contest proceedings against him, and my opinion to the Board being directly opposite to the one which you rendered, and upon which they acted, I feel that it is a reflection upon my professional integrity to allow your letter to remain unanswered.

Allow me to ask you a few questions on legal procedure, in order that the public may know and understand the reasons and logic upon which each of us base our opinion.

Your letter says you read over the court papers, and that by reason of the judge's order in that contest proceeding, there is now no Democratic nominee for said office. Didn't Mr. Somersett's petition of contest say that Mr. Guy was the nominee, declared so by the county canvassing board? Wasn't the petition brought against the county canvassing board and Mr. Guy named as contestee? Didn't Mr. Somersett, in his petition, only ask the court to order the county canvassing

board to change its nomination so as to declare Somersett the nominee instead of Mr. Guy?

Isn't it also a rule of law that when Somersett intends as he did in his petition, it was the duty of Guy on the side of the defense to deny or explain the statements in the petition by way of answer before there was what we know as an issue for the court to try? Then, isn't it a fact that before Mr. Guy could be divested of his nomination, the judge would have to make an order saying that the county canvassing board should change its nomination and name Somersett instead of Guy? Don't you also know that if there was any reason why Somersett could not be ordered the nominee, that there was nobody else who could receive it, named in those papers, and that Guy would still have to hold that nomination for the want of Somersett's inability to show a better right to it than he had? And don't you know that the order Judge Perkins made did not say one word about the county canvassing board doing anything? And don't you know that the county canvassing board is the only body that, by law, can nominate or declare the nomination of any county officer? And don't you know that when you rendered your opinion you did a grave injustice to yourselves, to the board of County Commissioners and to the people of Osceola county, and tried to reflect discredit upon me as a professional man?

Finally, do you mind stating whether you as citizens, voted for Mr. W. V. Knott at the election in November, 1917?

Yours truly,

MILTON PLEDGER.

Kissimmee, Fla., Oct. 23, 1918.

## THE KITCHEN CABINET

Our whole life is a story more or less intelligible—generally less—but we shall read it by a clearer light when it is ended.—Dickens.

## SEASONABLE FOODS.

A most delightful luncheon dish which may be used as a dessert or as a cake is this. Hollow out six sponge cakes or cup cakes and mix with the crumbs a few broken

sweetened and flavored, a pinch of salt and eight chopped maraschino cherries with a tablespoonful of the cordial. Fill the cakes and garnish the

top with whipped cream and a cherry. Serve on glass plates with a paper doily under the cake.

**Chicken and Eggplant.**—Take three cupsful of stock and three small egg plants, a half cupful of cooked chicken and a half cupful of bread crumbs, one egg, two tablespoonfuls of butter, one tablespoonful of flour, two tablespoonfuls of orange juice and one of lemon juice, a little grated onion and salt and pepper. Cover the eggplant with boiling water and cook, covered, 20 minutes. Cut in two and scoop out the inside, leaving the shell thick enough to hold its shape. Cook the crumbs with one-half cupful of stock, add the chicken, chopped fine, one tablespoonful of butter, a beaten egg and seasoning. Fill the shells and bake 40 minutes, heating with stock and orange juice. Melt the remaining butter, add flour and brown, when smooth add the stock. Stir until thick and serve highly seasoned with the egg plant.

**Chicken au Gratin.**—Take a cupful of cold cooked chicken, one-half cupful of grated cheese, four tablespoonfuls of cooked rice, one cupful of tomato sauce, bread crumbs, salt and pepper. Cut the chicken into small bits. Butter a baking dish, place a layer of chicken at the bottom, then a layer of cooked rice. Pour some tomato sauce over this, sprinkle with bread crumbs, grated cheese and salt and pepper. Repeat this until the dish is full, having the last layer of bread crumbs. Place in a hot oven to brown.

**Colcannon.**—Take six cupsful of boiled cabbage, three of mashed potatoes, half a cupful of butter, salt, pepper and a cupful of milk. Mix all together, put into a buttered baking dish and bake for three-quarters of an hour in a moderate oven. Serve hot.

## THE KITCHEN CABINET

The bravest battle that ever was fought. Shall I tell you where and when? On the maps of the world you will find it not. It was fought by the mothers of men.

## DAINTY SEASONABLE DISHES.

When one wishes to serve a fruit cocktail a little unusual in combination try this. Use a French potato cutter and cut out balls of the pink edible portion of watermelon or a mixture of musk and watermelon could be used if so liked. Then pour over these rosy balls a sauce of orange juice or other combinations of juices which will occur to one. Serve in sherbet cups. This is an especially attractive dish and one which will be enjoyed by all. Of course the melon should be well chilled; it is best to pack the balls in ice after preparing them and serve well chilled.

**Venison Heart.**—This sounds out of season, but is perfectly allowable by law. Take three veal hearts, trim and wash well; slice in uniform sizes and roll in salted flour. Fry four slices of bacon to a crisp brown, take out the bacon and add a small sliced onion to the fat; when the onion is a light yellow add the heart slices and fry to a rich brown. Heat a casserole and lay in the browned meat, add to the fat in the pan a cupful of soup stock, one-half a minced red pepper, a half a bay leaf, a clove of garlic and a teaspoonful of salt; cook covered for two hours. Five minutes before serving add the bacon. Serve with new potatoes and spinach.

**Spanish Pepper Pot.**—Scrub and boil two pounds of homeycomb tripe; cook in two waters until nearly tender. Add to the last water a small knuckle of veal, a piece of chili pepper (red hot), three whole cloves, two bay leaves, a pinch of marjoram and sage, salt, pepper and a clove of garlic pounded to a paste. While this is cooking, boil dried lima beans until tender, drain and add to the tripe. Thicken the gravy and pour over all.

**Fried Eggplant.**—Cut peeled egg plant into one-fourth-inch slices. Press to remove some of the juice by placing the slices under a weight. Dust with salt and pepper and dip in a thin fritter batter; then fry a golden brown in hot fat.

## GERMAN HELMET IN ST. CLOUD IS A WAR TOKEN FROM FRANCE

The first German helmet to be received in St. Cloud as a souvenir of the great World War was delivered by parcel post to Mrs. H. F. Cathcart the first of this week, having been sent by her husband, Corporal H. F. Cathcart of Company B of the 513th Engineers, A. P. O. 724, which on Sept. 22 was encamped at Camp Cheneviere, in France.

With the souvenir was a letter, and enclosed with it was a poem indited to Mrs. Cathcart by her husband relative to his "taking" of a Hun and thereby securing the souvenir. Poem and letter were written on the above date. The verse is headed:

## "THE KAISER'S HAT"

Once, when you wrote to me, my dear You asked me to send a souvenir. You misjudged my nerve, at that. When you asked me for the Kaiser's hat.

But now, returning from death's dark rim, I'll try to gratify your "foolish whim." I'll not truly tell how I happened to get The helmet that I retain till yet. The night was dark and chill with fog That hung damply o'er the shell-torn bog.

The man was big and stout and fat, And "cockily" he wore the Kaiser's hat. He came at me o'er shell holes and ruts, And my knees just shook to bent the but.

He came at me o'er shell holes and ruts, And I jumped and stuck him in the guts.

Then, with muscle of forearm and wrist, I gave my bayonet a vicious twist, And, with foot planted upon his breast, I sent him to his last, long rest.

His gross lip hung in ghastly grin, And bloody "slobbers" ran down his chin.

And, as he gave his dying whine, He muttered thickly, "Wacht um Rhine."

I jumped upon the next small hill And, turning, viewed my beastly kill. And, as my way I tried to pick, I reached and took his Kaiser hat.

Then, remembering you and our little "brats," I turned and kicked him in the "slats"; And when I left his carcass fat I reached and took his Kaiser hat.

Never more will he fair Belgium raid, Or ravish another Belgian maid. So I'm sending the Kaiser's hat (now mine), Sending it far from "old Bingen on the Rhine."

And if you feel the least bit sad, Just remember he tried to butcher "Dad."

And when the pale moon again rides the sky, And I hear the mystic midnight cry, And I lay in my "sold" soldier bed, With my clasped hands under my grisly head,

And I think of the months so long and drear That I've spent in this old-world garden here, I'll bet the next Hun I meet in France Will not have even a fighting chance.

## DANIEL JOHNSON.

Daniel Johnson, well known in the Shingle Creek and Kissimmee sections, died last week in Jacksonville, where he was engaged in carpenter work. Influenza caused his death. His widow and one child survive him. Interment was in the Shingle Creek cemetery, the funeral service being conducted by Rev. J. J. Farmer of Kissimmee.

## MRS. F. O. SCARR.

Mrs. F. O. Scarr passed away Tuesday morning at her home, on Minnesota avenue, this city, after an illness of several months. The funeral will be held on Friday afternoon. She was more than 80 years old and had been practically an invalid more than a year.

John H. Baisden, member of the county school board and from the Whittier section, was in our city Friday night and Saturday of last week, being on his way home from visiting in Klamath, where one of his sons was examined by the physician for the exemption board, his number having been drawn in the selective draft.

Mrs. Dean Randall, daughter-in-law of Comrade and Mrs. Randall of Florida avenue of this city, arrived last week from her home in Melbora, Neb., accompanied by her three children, and they now are guests at Comrade Randall's home for the winter. They will be joined by the husband and father later in the year.

Mrs. A. Sears of Sixth street and Massachusetts avenue, who recently suffered injuries to her left knee when she sustained a fall, has been removed to the home of Mrs. Sharpe, on Missouri avenue and Seventh street. Mrs. Sears is 82 years old and suffered an attack of dizziness that resulted in her fall and injury. She has been nursed by Mrs. Sharpe since the accident.

Comrade J. O. McNew returned to his home in St. Cloud on Monday evening, after spending several months in Nebraska, and was accompanied by his brother-in-law, L. Shuttlesworth of Leeching, Neb. Mr. McNew reports a delightful visit with friends and relatives in Nebraska, but is glad to be again at home in St. Cloud.

S. W. Potter, real estate, insurance. Miss Margaret McGill, who has been employed in Jacksonville the last several months, arrived in St. Cloud on Monday evening for a visit of several days with her parents, Mr. and Mrs. Adam McGill, on South New York avenue.

Among the Liberty Bond buyers during the closing days of the drive last week were all the employees of the Atlantic Coast Line railroad on the St. Cloud-Norcross division, they having subscribed for \$300 of bonds. The employees of the Peninsular Engineering Company, builders of the asphalt road through this city to the east coast, were listed for \$950 of bonds during the week.

L. B. Truedell of St. Cloud has rented from Mrs. W. M. Woodward the studio formerly occupied by Mr. Woodward and will open an up-to-date photographic studio about Oct. 15—DeLand News, Oct. 10.

Mr. and Mrs. Truedell have many friends in St. Cloud who will regret that they have made their home in DeLand, but who will wish them great success in their new location.

Mr. and Mrs. E. S. Nesbitt of Seabright, N. J., will start for St. Cloud about Dec. 1, accompanied by their daughter and Mrs. Caldwell, and will occupy the Nesbitt cottage at Sixth street and Indiana avenue for the winter. Mr. Nesbitt purchased a home here while spending last winter in the city, and the family made a host of friends, who will be glad to welcome them here again.

We are informed by Mrs. Bracken that the article in the last issue of the Tribune stating that the recent postponement of the Veterans' Association meeting on Saturday, Oct. 12, was the first since that organization was formed is erroneous. On May 23, 1914, the meeting was postponed on account of the funeral of Comrade F. G. Knapp and Mr. Dale, both being conducted the same afternoon.

Dewey Montsoda was examined by the physician of the county exemption board on Friday of last week. He says he soon will be on his way to Berlin to get the Kaiser. Dewey is a brother of City Marshal William Montsoda of this city and of Julian Montsoda, deputy sheriff at Whittier. Robert Montsoda, another brother, already is in the military service, having been called several weeks ago.

Mr. E. E. Philpott, who was one of the Tribune force for over four years, but who resigned a few weeks ago to accept a position in the Goodyear rubber tire factory in Akron, O., arrived home on Saturday evening of last week and resumed his position on the Tribune, to the gratification of the Tribune and a large circle of friends. Mr. Philpott had intended returning to St. Cloud the first of November, but was called home earlier by the illness of Mrs. Philpott's father, Comrade J. H. Davis, but he is now improving and his speedy recovery is looked for.

The funeral of Mrs. Julia R. Thomas, whose death occurred yesterday at the home of J. Willie Smith, 316 West Gaston street, will be held from the late residence this morning at 11 o'clock, services to be conducted by Rev. E. L. Bain. The interment will follow in Green Hill cemetery. Mrs. Thomas was 70 years of age and is survived by one son (R. G. Thomas), one brother (Walter Greene), and a sister (Mrs. S. A. Lawrence of Seffner, Fla.).—Greensboro (N. C.) News.

R. G. Thomas formerly lived at Alligator lake and has many friends here who will be interested.

Mr. and Mrs. J. W. Rankin of Massachusetts avenue served a delightful picnic dinner at the Bracken farm, near the sugar-mill canal, on Wednesday, the occasion being the birthday anniversary of Mrs. Rankin and her granddaughter, Miss Vera Greenlee. Miss Greenlee and her mother arrived here recently from Kansas City, Mo., to spend the winter. Those present at the picnic dinner were Comrade and Mrs. J. W. Rankin, Comrade and Mrs. Bracken, Mrs. Hattie Greenlee and her daughter (Miss Vera), and Comrade and Mrs. Kendalfer. The party enjoyed a plunge in the lake before returning home in the afternoon.

Comrade John Stevenson arrived in St. Cloud last Friday evening, after spending several months visiting relatives and friends in Vermont. He left St. Cloud in the latter part of May, and came home, the day he had planned to, though he has suffered an attack of la grippe during the last two weeks. He looks hale and hearty and has that same pleasing smile that greeted the people of St. Cloud last winter. He met several of his former comrades this summer, and spent some pleasant days at their homes in talking over war times during the '90s. He says Spanish influenza has been severe in the East and he is glad to get back to Florida before the really cold weather begins. He is making his home with Comrade Worrell this winter, but he will be greeting his friends and the newcomers down town throughout the winter.

Schools will remain closed and all public gatherings will be prohibited a yet longer period in conformity with the precautionary measures taken in St. Cloud. Spanish influenza, may rumor to the contrary notwithstanding. Dr. J. D. Chunn, county physician, states that the situation in St. Cloud is entirely under control. He has advised the schools and permit public gatherings for some days yet would be to endanger the health of the city. There are many cases of la grippe and bad colds, and if a change were permitted with regard to public gatherings at this time it would mean the spread of disease just when everything is well under control. Mayor Conn advised the Tribune today that his action in the matter of permitting churches to open, or any other public gatherings to be held, would depend on the opinion of County Physician Chunn; and Dr. Chunn advised the Tribune that the time had not arrived when it was safe to raise the general quarantine.

Mr. and Mrs. Tucker of Illinois and D. B. Plant of Minnesota are among the new arrivals at the Lake View hotel this week.

Comrade R. White returned to St. Cloud last Friday, after spending the summer in the North, and is residing at the Farris house.

Mr. and Mrs. P. W. VanNatta returned to their home in St. Cloud last Thursday, after spending the summer visiting friends and relatives in Northern States.

Comrade J. N. Dorch was among the new arrivals in St. Cloud during the last week and was greeting friends on the streets last Friday for the first time in several months.

Recevier R. M. Johnson was a business visitor in Lakeland last Monday, where he went in connection with the bankruptcy proceedings of the Model Hardware Company of Lakeland.

O. R. Bass, formerly county commissioner for the Whittier section of Osceola county and a candidate for that place in the election to be held Nov. 5, was in St. Cloud on Wednesday, calling on his friends.

Dr. M. B. Cushman is entertaining her daughter, Mrs. Clara Miller, and two granddaughters, Portia and Sylvia Miller, at her home, on Florida avenue. The visitors arrived from Ruskin, Fla., last week to remain here a month.

Word has been received here by friends of H. E. Gessford that he is just recovering from an attack of influenza at Tarpon Springs, to which place he recently went to engage in shipbuilding. He writes that he will be able to resume his duties this week.

Dr. S. G. Stewart and daughter, Miss Isabella, from Topeka, Kan., arrived in St. Cloud this afternoon and are guests at the New St. Cloud hotel. Dr. Stewart has spent several winters in St. Cloud, and his smiling face is welcomed throughout the city.

Mr. and Mrs. F. E. Williams received word Tuesday that their son Harry, who joined the colors several months ago, had reached a port in England safely. This is the first news from Harry received since Oct. 4. Like all other St. Cloud boys, Harry is anxious to get a chance to go after the Kaiser.

Jack Barber of St. Cloud, Grover Thindall of Kenansville, Nat Bass of Whittier, Owen Journejan of Kissimmee, Mack Overstreet of Shalake Creek, and Ackles McClelland of St. Cloud were called to the colors on Wednesday afternoon, leaving at that time for Fort Dade.

Mr. and Mrs. V. S. Wilson arrived in St. Cloud on Tuesday evening, after spending the summer in Elkhart, Ind., and have taken residence in the Conn apartments, Tenth street and Pennsylvania avenue, where they will spend the winter. They have spent several winters in St. Cloud and have many friends here who will be glad to learn they have again returned.

Col. L. D. Frost has received a letter from his wife, who is visiting her daughter, Mrs. L. L. Lucas, in Tarpon Springs, in which the good news comes that Mr. Lucas is rapidly recovering from an attack of Spanish influenza, by which he has been confined to his home the last two weeks. This will be good news to those people of St. Cloud who knew Mr. Lucas when he lived in this city.

Miss Mary Young has accepted a position as bookkeeper in the Bank of Saint Cloud and assumed her duties in that institution this week. This makes the second young lady to be employed in this bank since Uncle Sam decreed that women should hold all positions possible in order to relieve the men of draft age for army service. Mr. Schaaf, the young man who formerly held this bookkeeping position, is in the military service.

Those who became acquainted with Mrs. Grace Liggit, daughter of Dr. and Mrs. Cooke, who spent part of last summer in St. Cloud, will regret to know that her husband, C. M. Liggit, died of Spanish influenza at their home in Hazen, Neb., on Oct. 22. Mr. Liggit had been cashier of the First National Bank about fifteen years at the time of his death, and was also in the implement business, but had resigned his bank position because of ill health.

"Spit" interfered with Cupid last Tuesday, when the wedding of Mr. Will Stevens and Miss Sarah Crosby, planned for that date, had to be postponed because of an attack of influenza. Not until the prospective groom arrived at the home of his bride-to-be did he learn of her illness. Everything had been planned for Miss Crosby to come to this city for the marriage ceremony, and Mr. Stevens arrived at her home, in the country twenty miles east of St. Cloud, only to learn that Cupid had to take a back seat for "Spit." The young lady, however, is rapidly recovering, and Dan Cupid will yet complete his job. Mr. Stevens is a well-known young cattleman, and the prospective bride is a popular young lady in the eastern part of the county.

R. O. Meek, who has been manager of the St. Cloud Development Company in this city the last several months, has

accepted a position as receiving teller in the Florida National Bank, at Jacksonville, and will assume his new duties in a few days. Mr. Meek has had several years' experience in banking before coming to St. Cloud, some months ago, at which time he came to settle the estate of his father, the late J. W. Meek, and he has remained here some time. He has had several banking positions offered him recently, but rejected all offers until he received the one from the Florida National while in Jacksonville this week. He will begin his residence in the Gateway City next week. He has made many friends while a resident of St. Cloud and who will regret to learn he is to change his residence, but who wish him success in his new position.

## SUNDAY-SCHOOL CONVENTION DELAYED

The Miami (Fla.) health authorities think it unwise that the convention of the State Sunday-School Association be held in that city as scheduled—Oct. 29, 30, and 31. So the convention is postponed until a later date, which will be announced in due time.

J. O. Webb, general secretary of the association, says a splendid program had been prepared and that the Miami people had made ample preparation for entertaining the delegates.

## NEW FEEDSTUFF RULES

On page 3 of this issue of the Tribune is to be found rulings made by State Food Administrator Beacham about prices, etc., of feedstuffs—corn, oats, bran, shorts, cotton-seed meal, etc.

Those rulings, prices, etc., were promulgated on the 15th of this month. On the 19th (four days later), Mr. Beacham had new light or information and issued the following as substitute rulings and prices for those printed on page 3 aforesaid:

1. All dealers handling feedstuffs at retail in the State of Florida will be required to make sales under these rulings, which abrogate the official order of 10-15-18 and all other conflicting orders previously issued.

2. No retail dealer will be allowed (in making sales of corn, oats, rice, barley, or other feeds not mentioned in subsequent rulings) to charge on any individual sale a price for goods delivered at warehouse, door which will give more than \$4 per ton profit. Where delivery is made to the consumer, reasonable cartage charges may be added, provided that such charges are shown on the sale slip, in addition to the charge for feed. This margin of profit shall apply to all sales of feed mentioned in this rule in amounts of twenty-five pounds or more. Where feed is sold in packages of less than twenty-five pounds, the retail dealer may charge for measuring, weighing, and packing not more than 1/2 cent per pound profit.

3. No retail dealer, in handling rice, polish, wheat mill feeds, rice bran, cotton-seed meal, dried-beet pulp, cotton-seed products, bean meal, or other manufactured or mixed feeds, shall make sales which give a profit greater than is fixed in the following schedules:

(a) Where one or more persons purchase in advance of delivery in full car loads, take delivery at car, and pay cash when the retail dealer is required to meet a sight draft, \$1 per ton, plus demurrage (if any).

(b) Where one or more persons purchase in advance of delivery in full car loads take delivery at car and pay for it on delivery, \$1.50 per ton, plus demurrage (if any).

(c) Where buyer purchases and takes delivery at car and pays for it on delivery in ton lots or more, but less than car loads, \$2 per ton.

(d) Where buyer purchases and takes delivery at car and pays for it on delivery in lots less than one ton, \$2.50 per ton.

(e) Sale ex-warehouse in lots of one ton or more, \$4 per ton.

(f) Sale ex-warehouse in lots of less than one ton, \$5 per ton.

(g) One dollar may be added to the foregoing margins when sale is made on credit, or (at dealer's option) the legal rate of interest may be charged.

(h) One dollar shall be deducted from the margins prescribed in (c) and (f) when the retailer buys on credit and the jobber's margin is thereby increased \$1 a ton.

This margin of profit shall apply to all sales of feed mentioned in rule 1 in amounts of twenty-five pounds or more. Where feed is sold in broken packages of less than twenty-five pounds, the retail dealer may charge for measuring, weighing, and packing not more than 1/2 cent per pound profit.

## BENJAMIN ELLSWORTH EVANS.

In Newark, Ohio, two weeks ago today, died a young man who has performed valuable service in Osceola county and whose circle of friends and acquaintances extended from one end of the county to the other in any direction. This was Benjamin Ellsworth Evans, who served our county four years as the representative of the United States Department of Agriculture.

Mr. Evans left Klamath several weeks ago a very ill man. He had a complication of diseases, chief of which were heart trouble and dropsy. He was not expected long to survive his departure. He was a member, elder, and trustee of the Klamath Presbyterian church when he left, and was the only son of Mrs. J. W. Evans, who accompanied him to Ohio and who now is in that State. To her, the Tribune, in common with all who knew her and her son, extends its profound sympathy and sorrow.

## CLINTON LEE HYATT.

Dr. Clinton Lee Hyatt, one of Osceola county's best known and most popular physicians, died at his home, in Kissimmee, the latter part of last week. He succumbed to an attack of pneumonia, to which he had been more or less susceptible at other times. He was buried Saturday morning.

His widow and two young sons survive him. Dr. Hyatt was prominent not only as a physician, but had become a leading business man and farmer of this county, and was active as a member of the Presbyterian church. A large circle of friends mourn his untimely demise. In the prime of his life and his career.

## COMMISSIONER GUY MAKES A STATEMENT

Kenansville, Fla., Oct. 15, 1918.

To the Voters of Osceola County Who Voted for Catts in November, 1916:

I was the certified Democratic nominee in the primary for county commissioner from the Fifth district of Osceola county in the June (1918) primary election. Mr. Somerset, one of my opponents, unsuccessfully contested that nomination and has since retired from the race, but Judge Perkins made an order therein that has been construed to mean, in effect, that because I voted for Catts in November, 1916 (although there was no testimony in the case to disclose such fact), I was not the nominee.

Because of this order, the county commissioners, upon the advice of special counsel, refused to put my name on the official ballot as the nominee, because I voted for Catts in 1916.

I am therefore placed in the same situation that Catts was placed in when he was robbed of his nomination.

When the voters of Osceola county voted for Catts, at the rate of 4 to 1, it was not necessarily because they admired Catts above all others, but it was upon the principle that the people in the primary had chosen him as the nominee and they were going to stand by that nomination.

I was nominated by the face of the primary returns; I was certified to the Secretary of State by the County Canvassing Board as the Democratic nominee, and that canvassing board has never been ordered to change that nomination, and it has not done so of its own accord.

I, being the legal nominee (but being ostracized because I voted for Catts), call on you who voted for Catts two years ago to say in the coming election whether that nomination shall be respected or whether you are now willing to admit that you bolted the party in 1916 when you voted for Catts and will do so again in November, 1918 by voting for an independent candidate instead of myself as the Democratic nominee.

I wish to explain here that I am a Democrat first, last, and all the time, and when the county commissioners refused to put my name on the ticket as the nominee I intended to let my opponent have it, but certain of my friends, without my consent, refused to allow this, upon the ground that I owed it as a duty to the people who nominated me and the Democrats of this county to allow my name to be placed upon the ballot to give them a chance to uphold the voice of the people in the primary.

My name will be printed on the official ballot, and when election day comes I hope you will all go to the polls and vindicate the sanctity of the will of the people.

Very respectfully, B. H. GUY.

## ST. CLOUD STILL LEADS IN SALES OF WAR-SAVINGS STAMPS

What a wondrous inspiration, What a feeling of elation, As we hear of victories that are won! What a pride in every heart That our boys have done their part— One, perhaps, our only son!

As our boys are winning victories on the battle fields, the War-Savings Stamps campaign throughout the United States is advancing—not so rapidly as might be hoped, but surely.

The grand total up to Oct. 1 amounted to \$772,713,977. Of this amount, Florida has contributed \$84,420,636.18, with an average per-capita sales of \$4.20.

Osceola county's credit, based on maturity value of stamps purchased up to Oct. 1, as tabulated by the State director was \$85,410.70—or \$8.04 per capita.

There has been considerable increase during the month of October; therefore our actual maturity credits at this time are more than \$90,000.

Taking everything into consideration, this is not such a poor showing but it should not be forgotten that we are expected to buy \$200,000 worth of stamps within the year ending December 31st.

The sales in this county are as follows:

St. Cloud	\$42,313.02
Kissimmee	30,285.46
Deer Park	1,518.95
Narcoossee	1,275.23
Kissimmee Park	1,205.07
Kenansville	632.67
Lokosee	74.10
Bassenger	117.97

Current value total \$77,427.34

It should be remembered that locally we are able to compute the sales on current values only and the state director bases his credits on maturity value, hence the discrepancy in the figures quoted above.

St. Cloud is doing mighty fine work and is entitled to special mention by reason of the fact that she is leading in the purchase of war savings stamps. Kissimmee however, still has a chance to catch up and it is hoped that our entire county will take on new life during the months of November and December, and greatly increase our sales until the quota is complete.

D. G. WAGNER, Chairman.

## EARL SCHOFIELD WRITES FROM FRANCE.

In France, Sept. 22, 1918.

Dear Mother: Have at last a few minutes to scrawl a few lines and let you know I am still well and doing my bit to push the Hun off the face of the Earth.

We are working every day. This is Sunday, and we finished a big job at 1 o'clock this afternoon; then we had a nice dinner of corned beef and beans.

We work in rain, storm, and sunshine, sometimes at night, but we are making a reputation. Also, we have received praise from a general and a major-general.

When you don't receive a letter when you think one is due, just remember that I am one who is going after the Kaiser.

I have a belt and a buckle that belong to an Austrian major. He does not need them any more. They are very pretty.

I have also some German money—that, of course is no good. It is raining torrents now, but I am dry, and the company quartet is giving a selection from that popular French song, "No Compree."

Well, mother, I would better close for tonight. I will try to write more often.

## CALOMEL ROBBED OF NAUSEA AND DANGER

Medicinal Virtues Retained And Im-  
proved—Unpleasant And Dangerous  
Qualities Removed—New Variety  
Called "Calotabs."

The latest triumph of medical science is a purified calomel, known as "Calotabs." The old-style calomel, as all doctors know, was the best and most generally useful of all medicines. The new variety, known as Calotabs, is purified and refined from all objectionable qualities and is most delightful in effect.

One Calotab on the tongue at bedtime—a swallow of water. That's all. No griping, no nausea, no danger. Next morning you awake feeling fine, with a clean liver, a purified system, and a hearty appetite for breakfast. Eat what you please. There is no restriction of habit or diet. Calotabs are sold only in original sealed packages, price, 35 cents. Your druggist recommends Calotabs and will refund your money if you are not delighted with them. (Adv.)

## SOON COMING HOME.

The following interesting item was contained in a letter received the past week by the Editor of the Tribune: Brooklyn, N. Y., Oct. 3.—Dr. and Mrs. J. J. Ashley, who have been spending the summer here, will start for Saint Cloud via steamer to Jacksonville on the 25th, and expect to arrive at their winter home in the Veterans Colony by November 1. Dr. Ashley has been very weak but is gaining strength and expects to regain his health soon after he gets to Florida.

Dr. and Mrs. Ashley have taken the Green Gables, Seventh and Pennsylvania avenue for the winter. They reported to the Tribune during their stay in New York this summer that the weather up there was much warmer than that encountered in St. Cloud during the summer, they having kept posted on the temperatures here by receiving the Tribune each week.

A fond mother may consider her son the flower of the family—and the neighbors may consider him a blooming idiot.

## GET READY.

Now is the time that your hens will molt or shed their feathers. This process is rather slow, and nature should be assisted. B. A. Thomas's Poultry Remedy will help your hens to molt, causing them to shed earlier and be ready to lay when eggs are highest, in the winter. If this remedy does not make good, we will.

## SERVED LEMONADE TO CHATEAU-THIERRY VETS

Salvation Army Workers Face Death  
That Soldier Heroes May Have Re-  
lief From Parched Throats.

Huge barrels of lemonade served to the American troops during the battle of Chateau-Thierry furnished only one instance of the service being rendered to the soldiers of Uncle Sam and his allies by the Salvation Army workers now detailed with the fighting units on the western front.

The troops had been hammering at the Boche all day and all night and many of them had been put out of action during the terrific fighting, but although suffering from wounds made by shrapnel, rifle bullets and hand grenades, most of the injured men were conscious and many of them able to get about with the aid of improvised crutches. The surgeons were busy in the dressing stations and the waiting soldiers wanted nothing so much as a good drink of something cold and refreshing.

Then it was that the Salvation Army workers came along with several barrels filled with sure enough lemonade. Where they got the lemons or the sugar nobody knows, but the soldiers asked no questions as they dove for the tin cups that were piled alongside the barrels on a huge truck.

The surgeons said afterward that the lemonade served to keep down the temperature of many a lad whose wounds could not be dressed until the most serious cases had been attended to. And what that cupful of good old Yankee drink meant to those boys who had just come out of the inferno of Chateau-Thierry, will never be told.

It is just that kind of service that is making the Salvation Army organization with the military forces of the allies one of the most potent factors in welfare work. As one of the seven great war work organizations participating in the united war work fund drive in November, the Salvation Army will be enabled, through its share of the \$175,000,000 to continue its operations with the fighting men.

## "Y" HUTS IN FOREST.

In the pine forests of Alabama, Georgia, Tennessee and other states of the Southeast, where men are hewing wood to be used in the war program the Y. M. C. A. is locating huts and tents so that they may be of service to these loyal workers. In so doing the "Y" is building up the morale of the men who are aiding the shipbuilding program.

Beware of the truth crushed to earth. It is liable to rise up later and take a full out of you.

## Food And Cooking Suggestions For Florida Housewives

Prepared By

MISS LUCY CAROLAN CUSHMAN  
of School of Home Economics of Florida State College for Women.

Issued Under Auspices of Federal Food Administration for Florida.

Some weeks ago the Florida Federal Food Administrator released the housewives of this state from their meat-conservation pledges.

With the new meat regulations, THE USE OF MEAT FROM LIGHT-WEIGHT CATTLE IS NOT RESTRICTED.

However, efforts still must be made to conserve meat that can be used for war-use exportation.

The larger factor that will solve for patriotic housewives the problems of duty and economy will be to use those parts of meat animals that heretofore have not been commonly found on our home tables.

The recipes below present methods of preparing those parts of meat which can not be shipped abroad.

Using a fireless cooker in preparing these meats would be a great help—saving time, fuel, discomfort, and making the meats cooked much more edible and nutritious.

## BRAISED TONGUE.

One beef tongue, half cup diced carrots, one-third cup diced onion, one-third cup diced celery, one sprig parsley, and half cup peas.

Cook tongue slowly in water two hours. Then take it out and remove its skin. Place it in baking dish with vegetables. Add four cups sauce. Cover closely and bake two hours, turning after the first hour. If canned peas are used, do not add at first with uncooked vegetables.

This preparation can be cooked in a fireless cooker.

Sauce for Tongue.—Brown one-fourth cup fat; add one-fourth cup corn flour or other substitute flour and stir until well browned. Add four cups hot water in which tongue was cooked. Season with salt and pepper and Worcestershire sauce—if desired.

## BEEF HEART.

Wash heart; remove veins and arteries. Stuff with dressing and sew or tie together openings. Place in casserole, add water to half cover it, and cook slowly two hours. Turn once or twice during cooking. When done, thicken its liquid and season for gravy. Heart may be cut into small pieces and cooked with rice or potatoes as a casserole dish. Other vegetables, such as onion, carrot, or green pepper, may be added.

Dressing for Beef Heart.—One cup stale bread crumbs, two tablespoonfuls

fat, several drops onion juice, one-fourth teaspoon salt, one-eighth teaspoon pepper, and one-fourth to one-third cup hot water.

## THREE BRAIN RECIPES.

Soak one hour in cold water. Remove membrane and parboil twenty minutes in salted water to which little vinegar has been added. Drain and put into cold water. When cold, separate into small pieces. Use as soon as possible in one of following ways:

1. Add chopped celery, green pepper, and pimentos, and mix with mayonnaise. Serve on lettuce.

2. Reheat brains in medium thick white sauce and serve in timbale cases or with mashed-potato rosettes. Mushrooms may be added.

3. Mix in fritter batter. Sauté in greased muffin rings arranged in frying pan.

## BRAISED LIVER.

Three pounds liver, one and one-half pounds cubed salt pork, one-third cup finely chopped onion, one-third cup celery, one-third cup finely chopped carrots, half teaspoon salt, one-third teaspoon pepper, two cups boiling water, and one-fourth cup flour.

Soak liver in cold salted water half hour; then scald, remove skin, and dredge with flour. Cut pork into thin slices and fry out in frying pan. Brown liver in pork fat and place in earthen dish or kettle. Add vegetables, seasonings, and water (having first put water in frying pan). Cover closely and bake three hours in slow oven or fireless cooker, adding water if necessary. Remove liver and thicken gravy and vegetables with one-fourth cup substitute flour that has been mixed to paste in cold water.

## IF UNABLE TO BUY NEW YORK DAILY OR SUNDAY HERALD.

Complaints are being received of inability to purchase copies of the daily and Sunday New York HERALD as news stands, the reason being "All gone—sold out."

The HERALD regrets this situation, but is unable to alter it, solely because of the regulations made in Washington, and strictly enforced, prohibiting the return by news dealers of unsold copies of newspapers.

To its readers, therefore, the HERALD comes in a call for cooperation. Help us, and we will help you. Thus: Ask your news dealer to set aside for you, daily and Sunday, a copy of the HERALD.

Your news dealer then will be able to make a close estimate of the number of copies he needs to order, and in this manner he will be able without inconvenience to live up to the law. Also—you will not be obliged to go without your HERALD. (Adv.)

## FOUND BOOKS DEEP DOWN IN DUG-OUTS

American Library Association Books  
Sure Reach Soldiers, Says  
Raymond Fosdick

"I found the books of the American Library Association everywhere in France," says Raymond Fosdick, chairman of the National Commission on Training Camp Activities, who has just returned from an extended trip overseas, during which he conducted a thorough investigation of the work being done by the various war work agencies.

"I found them in dugouts thirty or forty feet below ground, in cow-barns where shrapnel had blown parts of the roof away, as well as in the substantial huts and tents far back from the firing line.

"I have found them in hospitals and dressing stations; in scattered villages in the training area where our men are billeted and even in the remote parts of France where the forestry units are carrying out their lonely, but efficient and essential work. Your books are in continual demand from the time the soldiers arrive in camp in America until they come back home after service over there."

The A. L. A. library service has grown tremendously within the past few months and millions of books have been distributed wherever soldiers and sailors are quartered, on sea or land.

## "NEED ONLY CREED" SAYS GIPSY SMITH

"Need is the only creed over there," declared Gipsy Smith, the famous evangelist, speaking to enormous audiences in southeastern cities, where mass meetings have been held in the interest of the United War Work campaign to open on November 11.

## FLORIDA NEWSPAPERS PLEDGE ASSISTANCE

Representatives of Florida daily and weekly newspapers in attendance at a luncheon held in connection with a conference of United War Work campaign workers, pledged themselves to concentrate behind the big drive to open on November 11.

Their action puts the full strength of the Florida newspaper fraternity in the field and in every section of the state the public will be informed through the columns of the press just what the aims and objects of the seven great war work agencies are in this coming campaign to raise \$175,000,000.

Any one can name the three graces, but the disgraces are too numerous to mention.

RESOLUTION ADOPTED BY THE  
OSCEOLA COUNTY COMMISSIONERS  
SESSIONS SEPT. 2, 1918.

WHEREAS it appears to be for the best interests of Osceola County and of the citizens thereof that an election shall be called and held under authority of and in compliance with the provisions of Section 4 of Chapter 7343 of the Laws of the State of Florida, entitled "An Act to Create the Live-Stock Sanitary Board and to Prescribe its Membership, Powers, and Duties, Fix the Compensation for the Service of its Members to Vest in Said Board the Authority to Issue Orders for the Prevention, Suppression, and Control of Dangerous, Communicable, Contagious, Infectious, and Other Diseases of Cattle, Hogs, and Other Domestic Animals, and to Establish, Maintain, and Enforce Quarantine Among Such Animals, and to Adopt and Enforce Rules and Regulations Regarding Any and Said Matters, and to Give Said Board Authority in Respect thereto, and to Authorize County Commissioners to Appropriate and Expend Funds for the Work of Tick Eradication and Hog Cholera, and to Provide for the Appointment of a State Veterinarian and other Agents and Employees of Said Board and Fix the Powers Thereof, and to Prescribe Punishment for Violations of this Act and of the Rules and Regulations of Said Board, and to Make the Necessary Appropriations for Carrying out the Provisions of This Act." (Approved June 9, 1917.)

To enable a majority of the qualified electors voting in said election to declare themselves in favor of or against compulsory cattle dipping in all precincts of said county, and more than twenty-five percent of the registered voters of Osceola County who were qualified to vote at the last general election have signed and presented to this Board a petition for the calling and holding of an election for the said purpose.

NOW THEREFORE, Be it Resolved by the Board of County Commissioners of Osceola County:

1. That an election is hereby called and shall be held for said purpose, according to the laws governing general elections on the 5th day of November, A. D. 1918.
2. That such an election shall be held in each election District of Osceola County, at the polling places used at the last general election, during the hours prescribed for the holding of elections, and all matters pertaining to said election shall be in strict conformity with the law governing such elections.
3. The ballots shall be printed and read in said election districts at such election, on which shall be printed first on the words "For Compulsory Dipping of Cattle," and on the other side of the said words, there shall be printed the words "Against the Compulsory Dipping of Cattle," and those electors voting in said election who desire to vote in favor of compulsory dipping of cattle in said territory of Osceola County shall make a cross in front of the words "For Compulsory Dipping of Cattle," and those electors voting in said election who desire to vote against the compulsory dipping of cattle in said territory of Osceola County shall make a cross in front of the words "Against the Compulsory Dipping of Cattle."

Said votes shall be counted, returned and canvassed as provided by law, and the Board shall thereupon make and file a statement of the result of said election, which shall be kept on file among the public records of Osceola County, and a copy thereof shall be certified to the State Live-Stock Sanitary Board.

A copy of this resolution shall be published once each week for four consecutive weeks in the St. Cloud Tribune and the Kissimmee Valley Gazette, and a copy thereof shall be posted at the polling place last used as a polling place in each election district of the county not less than thirty days before the date fixed herein for holding such an election.

ERNEST MACI, Chairman.

## AN ORDINANCE

Prescribing Rates, Rules, and Regulations for the Consumption and Use of City Water in the City of St. Cloud, Florida. Be it ordained by the Council of the City of St. Cloud, Florida:

## WATER REGULATIONS.

Section 1—Permits, Applications. All applications for the use of water supplied by the City of St. Cloud shall be made in writing to an officer designated by the Council, upon forms furnished by the City. The blanks shall be filled in by the owner of the premises to be supplied with water, or his duly authorized agent. This application shall state for what purposes the water is to be used, the location of the premises, and the applicant shall pay the fee specified in Section No. 5.

Section 2—Tapping The Mains. No person except the "official tapper" shall be allowed to tap any water main and insert the copper service cock—these cocks shall be inserted midway between the center of the side of main and the top.

Section 3—Connections, Joints. All connections between the service pipes and the water main three inches in diameter or over shall be made with lead pipe of such surplus length as will prevent leakage or rupture by settlement. All lead pipe shall be of the kind known to the trade as "plumber's" or "wiped" joints or "lead flange and threaded unions," unions to be of brass. All service pipes shall be of iron or steel, the ends of which shall be galvanized. All fittings shall be galvanized.

Only licensed plumbers shall be allowed to make connections to water system, or extensions thereto.

## Section 4—Curb Cocks.

Each service pipe from the water main to the premises shall be provided with a "round waterway" curb cock, which shall be placed at a distance of (9) nine feet outside the property line on avenues and streets and not more than (1) one foot outside the property line on the alleys.

## Section 5—Curb, Cocks, Boxes.

Each curb cock shall be enclosed in an iron box, with cover marked "Water," said box to extend from the service pipe to the surface of ground and be easily accessible for turning the water on or off the premises.

## Section 6—City Install Water Service.

The City of St. Cloud will furnish all fittings and pipe from the water main to the curb cock on the street, avenue, or alley on which the main is located, and install in same at a uniform rate to each consumer, who shall own such fittings and pipe.

## Section 7—Assessments Discontinued.

All fixtures connected to the water-service pipes shall be considered as being used, and no fixture will have the assessment discontinued until it has been detached from the service pipes. The assessments for use of water shall be as follows:

If not paid at or before the 15th of the month specified, service will be discontinued. Any person or consumer who shall fail or refuse or neglect to pay their ac-

counts as herein set forth shall have their service discontinued, and the same shall not be reconnected until the account is paid in full and a fee of \$1.00 paid for such reconnection.

Any person convicted of violating any of the provisions of this ordinance shall be punished by a fine of twenty-five dollars or confined in the City Jail for a period of ten days.

This ordinance shall take effect on and after Oct. 1st, A. D. 1918.

Passed this 30th day of September, A. D. 1918.

Attest: FRED B. KENNEY, City Clerk.

Approved by J. K. CONN, Mayor.

## NOTICE OF ELECTION

WHEREAS, The Legislature of 1917, under the Constitution of 1885, of the State of Florida, did pass two Joint Resolutions proposing amendments to the Constitution of the State of Florida, and the same were agreed to by a vote of three-fifths of the members elected to each house; that the votes on said Joint Resolutions were entered on the respective Journals, with the yeas and nays thereon, and they did determine and direct that the said Joint Resolutions be submitted to the electors of the State at the General Election in November, 1918.

NOW THEREFORE, I, H. CLAY CRAWFORD, Secretary of State of the State of Florida, do hereby give notice that a

General Election

will be held in each county in Florida on Tuesday next succeeding the first Monday in November, A. D. 1918, the said Tuesday being the

Fifth Day of November

for the ratification or rejection of the said Joint Resolutions proposing amendments to the Constitution of the State of Florida, viz:

A JOINT RESOLUTION Proposing an Amendment to Section 5 of Article XII of the Constitution of the State of Florida Relating to Education.

Be it Resolved by the Legislature of the State of Florida:

That the following amendment of Section 5, of Article XII, of the Constitution of the State of Florida, relating to Education, is hereby agreed to and shall be submitted to the electors of the State for adoption or rejection at the next general election of Representatives, to be held in the year A. D. 1918; that is to say, that

Section 5 of Article XII of the Constitution of the State of Florida be amended so as to read as follows:

Section 5. Each County shall be required to assess and collect annually for the support of the public free schools therein, a tax not less than three (3) mills, nor more than five (5) mills on the dollar, on all taxable property in the same.

A JOINT RESOLUTION

Proposed Amendment to the Constitution of Florida.

Be it Resolved by the Legislature of the State of Florida:

That Article XIX of the Constitution of the State of Florida, be and the same is hereby amended so as to read as follows:

Article XIX, Section 1. The manufacture, sale, or intoxicating liquors and beverages, whether spirituous, vinous or malt, are hereby forever prohibited in the State of Florida, for medicinal, scientific or mechanical purposes, and wine for sacramental purposes; the sale of which alcohol and wine for the purposes aforesaid, shall be regulated by law.

Sec. 2. The Legislature shall enact suitable laws for the enforcement of the provisions of this article.

Sec. 3. This article shall go into effect on the first day of January, A. D. 1919.

The votes cast in compliance with said proposed amendments, and the canvasses, declarations and returns thereof, shall be subjected to the same regulations and restrictions as are provided by law for general elections in the State of Florida.

TESTIMONY WHEREOF,

I have hereunto set my hand and affixed the Great Seal of the State of Florida, at Tallahassee, the Capital, this twenty-fifth day of July, A. D. 1918.

H. CLAY CRAWFORD, Secretary of State.

50-300.

(Seal.) T. M. MURPHY, County Judge.

## MILLIONS OF SOLDIERS

## SWARM Y. M. C. A. HUTS

Annual Report of Southeastern Department Reveals 38,866,980 Boys in Camps Crowded Buildings

(By L. Porter Moore.)

Atlanta, Ga., August 25.—An attendance of nearly twenty times the population of Atlanta swarmed happily in Y. M. C. A. huts in the seven states of the Southeastern camps during the fiscal year July 1, 1917, to July 1, 1918, according to the annual report just issued here.

In other words, soldiers in the Southeastern cantonments to the number of 38,866,980 men wrote letters in the "Y" army and navy huts, read literature there and joined in the religious services and entertainments held in the Red Triangle buildings which dot military reservations in Georgia, Alabama, Tennessee, the Carolinas, Mississippi and Florida.

It is easy to imagine the mountains of stationery the Y. M. C. A. provided in the camps of the Southeast when it is stated that soldiers wrote 32,889,002 letters in the "Y" huts. The Red Triangle workers also made out \$2,463,744 worth of money orders for the soldiers, most of the amount being sent home to relatives.

Educational Work Featured

The "Y" also provided 4,005 educational lectures with a soldier attendance of 1,291,243. The educational classes of various kinds aggregated 64,813 and the attendance was 978,045. Books

## RED-CROSS NOTES

Furnished by the St. Cloud Red Cross Chapter

## OUR SOCKS MAKE HAPPY BOYS.

The following American Red Cross, (Croix Rouge Americaine), postal made its recipient very happy:

C. S. Base Hospital No. 3,  
Somewhere in France,  
Sept. 24th, 1918.

Dear Mrs. Wolf:

I am in acknowledgment of receipt of a pair of wool socks given me by the Red Cross, on which I found your name and address. I wish to thank you very kindly. Every one to whom I showed the little notice thought it wonderful for a lady of your age to be knitting for us boys over here.

Trusting an early reply. I am,

Yours sincerely,

GEO. BILDEAU, Co. G, 104th

Infantry, A. E. F.

According to the custom, at first, the name of the woman who knit the socks was fastened to the socks and in some instances the age. It is very satisfactory to hear that St. Cloud's knitting actually has reached its destination in France and is being appreciated.

This postal is on exhibition in the window at Ferguson's, together with other war trophies.

## CHRISTMAS ROLL CALL IN ST. CLOUD.

Mr. A. S. McKay has been appointed local chairman of the Red Cross Christmas Roll Call. He will co-operate with the Chapter membership chairman, Mrs. John Vreeland, and have entire charge of this work in this jurisdiction.

## Property Bags Will Go This Week.

If the October allotment had been large, it would have been hard to have managed it with the restriction on against public assembly. Fortunately, the allotment consisted of only 25 property bags, which have been made mostly in the individual homes and will be shipped before the time limit, October 25.

## Innerlinings For Small Comforters Needed.

A few members at a time have continued the work on the quilts, one being taken off the quilting frames and completed last week, while Mrs. Anna Ausmuth, by herself, put on and tied a soldier's convalescent comforter this week. Contributions of innerlinings for these comforters would be appreciated. The measurement is 55x65 inches.

## Two Sewing Machines More.

Miss Ray Stickney and Mrs. Levi Slomberg kindly offered their machines to the Red Cross, as the owners of the two being used at present will soon return from the north. This is a very timely offer.

## St. Cloud Chapter Has Ordered 68 Cartons.

The soldiers in France are receiving their coupons which they will send home to some lady—the one they wish to send their Christmas parcel. This parcel must go into a box 34x48x18 inside, and can weigh only two and one-half pounds.

The boxes will be here about November 1st, and can be procured at the Red Cross rooms, together with a slip containing regulations concerning articles allowed and those barred out.

After the box is packed it must be returned to the Red Cross for inspection. It will be wrapped and tied securely. The postmaster has kindly promised to send one of the postal clerks to help with the weighing and stamping.

## Election of Officers Postponed Until "Flu" is Over.

The annual election of officers of the local Red Cross Chapter, which was scheduled to take place the fourth Wednesday in October, was postponed because of the regulations against public gatherings. The Red Cross has taken every precaution to prevent the spread of influenza and is prepared to render aid if such is needed.

The election will not take place until the authorities declare all danger of spreading the disease is over.
